21/VIII/38

Memo of Interview of Mr. Karnick Krishnamurthi Rao with the Development Secretary on 17th December 1929.

- - - -

Mr. Karnick Krishnamurthi Rao confirms his Kannada petition dated 6th November 1929.

In regard to the three villages offered by him, the gist of his proposals is as follows:- He offers to hand over the villages unreservedly to Government with complete freedom to dispose of them in such manner as Government deem fit. He is quite agreeable to the cancellation of the present Inam tenure of the villages and to their being - treated in all respects, as Government villages. This means, of course, that the lands comprised in the villages may be disposed of for cultivation as ordinary sircar lands.

In the village of Kallikere, 3 shares, out of 30, do not belong to Mr. Krishnamurthi Rao. His desire is that these 3 shares should be acquired by Government. Of the other 27 shares, 26 belong in full title to Mr. Krishnamurthi Rao and the remaining one share is held by him as a mortgagee. The right of redemption of the mortgagors Venkatarangachari and Shamachar have to be acquired. For the purpose of acquisition, (both of the 3 shares and of the mortgagor's right in on Mr. Krishnamurthi R is prepared to deposit with Government such sum may be necessary.

Mr. Krishnamurthi Rao has proposed to transfer to Government full title of these vill without reservation of any power to himself.

In regard to the takrar relating to about

100 acres of dry land referred to in his Kannada petition, he thinks it is altogether untenable, and he leaves it to Government to take such action or decision in respect of these takrars as they deem fit, after going into the facts of the case. The takrar is that the cultivators of these lands have recently set up a false claim that they are kadim tenants. In fact, there are no kadim tenants in any of these villages (except as specified in the next para.), and all the cultivators are - tenants at will.

In the same village, Mr. Krishnamurthi Rao has sold permanent occupancy hak of about 80 acres, and these are covered by separate sale deeds; and he has also gifted occupancy rights over 8 acres to the Patel and 4 acres to Muddaiya and Palyada Boraiya. These are all the occupancy rights that exist in the village.

He estimates the present value of these villages at Rs.205,000, as stated in his petition. He, however, imposes no restriction whatever, on Government's powers of sale, and only requests that they should make satisfactory arrangements to have the lands sold for proper value by responsible authorities. He offers to co-operate with them.

In regard to the proceeds of the sale, his only desire is that a sum of Rs.50,000 should be invested by Government either as a savings bank deposit or in bonds, and that the income on this investment should be given to him during his life time and the life time of his wife. After that, this amount might also be added to the corpus of the fund. The balance of the proceeds immediately should be accepted as an endowment for the purpose referred

to by him. as follows: One lakh of rupees for the school, Rs.25,000 for the maintenance of the hostel and Rs.25,000 for industrial training in the school itself.

Mr. Krishnamurthi Rao made also the following statements in respect of his proposal

"The school proposed to be started with the help of the endowment will thus have the following resources contributed by me, namely,

(1) one building worth Rs.35,000,

(2) one lakh of Rs. as endowment fund for the school,

(3) Rs.25,000 as endowment fund for the hostel,

(4) Rs.25,000 towards the industrial section of the school,

and after my death-

(5) Rs.50,000 more to be added on to the corpus of the fund in such proportion as Government may then decide.

My intention in regard to ~~the lines on which~~ the school to be opened with the help of my endowment is -(1) the school should be ~~xxx~~ called "The Karnick Krishnamurthi Rao Vedic and English High School" and I may be permitted to put up a tablet with suitable inscription.

(2) It should be open only ~~for~~ to Brahmins of all sects, except Hale-Karnatakas.

(3) The courses of instruction should comprise of

(a) the usual English High School courses according to the curriculum;

(b) Vedic lessons in Yajurveda and Rigveda, with special stress upon Prayoga and Shodasa-karma.

(ஆ) Industrial education.

Since my wish is to start the school in the interests of the Brahmin community, restricting admission to Brahmin pupils on grounds of religious belief, social custom and the revival of wholesome habits of life, my institution is entitled to come under exception to rule II (1) of the Grant-in-Aid Rule. I pray that this institution may be granted the full amount of the grant admissible under the Grant-in-Aid Rules.

The school may be managed by a Managing Committee of 11 members including myself, and during my life-time, I may be permitted to be the managing President. In regard to other members, Government may nominate two and I may be permitted to nominate the rest. I earnestly desire that all the members of the Managing Committee should be orthodox Brahmins, with a majority of the Brahmins of the Smartha sect.

So soon as I am called upon by Government, I am quite prepared to execute a trust deed in any form which Government prescribes."

Bangalore,
17th Decr. 1929.

17/12/29

Memo of Interview of Mr. Karnick Krishnamurthi Rao with the Development Secretary , on 17th December 1929.

- - - -

Mr. Karnick Krishnamurthi Rao confirms his Kannada petition dated 6th November 1929.

In regard to the three villages offered by him, the gist of his proposals is as follows:- He offers to hand over the villages unreservedly to Government with complete freedom to dispose of them in such manner as Government deem fit. He is quite agreeable to the cancellation of the present Inam tenure of the villages and to their being - treated in all respects,as Government villages. This means, of course, that the lands comprised in the villages may be disposed of for cultivation as ordinary sircar lands.

In the village of Kallikere, 3 shares, out of 30, do not belong to Mr. Krishnamurthi Rao. His desire is that these 3 shares should be acquired by Government. The Endowment needed & this has been referred to D.P.I for opinion. The realisation of the money to form the Endowment by the sale of the properties does not appear to be quite an easy ~~affair~~

2 As regards the [illegible] for admission of students to the proposed Vedic & English High-School Mr Karnam Krishnamurti Rao is of opinion that the School should be for the members of the Brahmin Community, & the majority of them should be of Smartha Community & the D.P.I. [illegible] that the School should be thrown open to all the Hindu Communities entitled to study the Vedas, to make the School eligible for a Grant. It would perhaps be good name proper if it is the School is thrown open to all Brahmin Communities without the reservation referred to above by Mr Karnam Krishnamurti Rao.

19 I had an interview with the Karmick Kristna Swami Rao today. The result is in the typed memo put up below. If approved, a copy will be sent to the Karmick as requested by him.

20 The proposals are generously conceived and merit sympathetic consideration

21 Those relating to the surrender of the villages of Kallikere, Mallenahalli, and Sadamaranahalli to Govt, with full powers to cancel their inam tenure, and dispose the lands, may be referred to the Rev. Comr for opinion. The proposals seem to me quite feasible

22 The question of accepting the proceeds as a charitable endowment has also to be considered by the Rev Comr in his capacity as Muzrai Comr

23 The proposal relating to the opening of a Vedic and English High School on a grant-in-aid basis may be referred to the D.P.I. The Karmick's contention that the restriction imposed by him as to admissions is covered by the exception contained in Rule II(a) Grant-in-aid Rules, seems to me to be correct.

W/A reference will be made to the R Comr & the DPI as above if approved

17 Mr. Karnick Krishnamurtni Rao proposes to make an endowment for the establishment at Bangalore of an English High School for boys of all the three sects of the Brahmin community with provision for instruction in Vedic studies and ~~x~~ in some vocational pursuits.

NOTE—Contn. sheet.

For

Serial No.

For the purpose of constituting the endowment he offers to hand over to Government his house in the Basavangudi Extension of the Bangalore City and, with unreserved powers of disposal his three Inam villages in the Magadi Taluk. He estimates the value of all these properties at Rs 2,40,000. His house is intended to be used for the School and the three villages are to be disposed of by Government for the best value they can fetch, cancelling the inam tenure of the lands. What these three villages will fetch, is uncertain. It may be that they may not realise as much as Rs 2,00,000 anticipated by Mr. Krishnamurthi Rao. But from what the Revenue Commissioner states in his letter dated 6th January 1930 they are likely to realise a considerable amount in view of the keen demand for these lands which are stated to be situated in a populous neighbourhood.

The endowment offered is a substantial one and it will be a permanent addition to the resources for educational advancement. It need be no detraction from its value to the public that it is intended for the advantage of a section of the public. The demand for more High Schools in the Bangalore City is very great and no opportunity of meeting this demand should be neglected. The offer of Mr. Krishnamurthi Rao, therefore, deserves the support of Government.

The proposal to combine vocational training with High School education is a very de-

NOTE--Contn. sheet

WD 589—GPB—300—27-8-29

sirable

Serial No.

desirable measure. Instruction in Vedic studies might, as stated by the Director of Public Instruction, be arranged for in spare hours.

The institution proposed will be an aided one and Mr. Krishnamurthi Rao has to appoint a Body of Trustees for its management. There can be no objection to comply with his request that he might, during his life time, be the President of the Body of Trustees. A regular deed of trust making necessary provisions therein for the proper management of the institution may be required to be executed by him. If it is the desire of Mr. Krishnamurthi Rao that Government must be represented on the Body of Trustees, it may be satisfied.

Action has to be taken for the disposal of the lands in the three villages offered for the formation of the endowment fund. Mr.Krishnamurthi Rao may be requested to give full powers to Government for taking this action. All expenditure incurred by Government in the disposal of the lands has to be met by Mr. Krishnamurthi Rao either from the proceeds of the lands or from cash to be provided by him. There will be delay if this work is entrusted to the ordinary Revenue agency. A special officer at the cost of Mr. Krishnamurthi Rao might be employed for the purpose and the Revenue Commissioner authorised to take all action for the speedy disposal of the lands.

The sale proceeds as they are realised, may be funded and constituted as a charitable

endowment under the Rules in Chapter XII of the Mysore Civil Account Code, Volume I.

It is not possible to say before the lands are disposed of and the total amount realised from them is known, what ~~part~~ income can be expected from the endowment fund. What classes can be opened in the school and how many boarders can be taken in the hostel proposed by Mr. Krishnamurthi Rao, are points which have to be settled in relation to the income from the endowment. If the whole of the scheme as now formulated by him, cannot be carried out, it will have to be suitably modified.

Mr. Krishnamurthi Rao proposes that the income from a share of the sale proceeds might be allowed as a maintenance allowance for himself and his wife during their life time. This part of the sale proceeds will also be held by Government under proper authority to be conveyed by Mr. Krishnamurthi Rao and after the need for the maintenance allowance ceases, this amount ~~also~~ will be added to the corpus of the endowment fund.

It is likely that the disposal of the lands will take some time. Mr. Krishnamurthi Rao is anxious that the school should be started soon and he is prepared to pay the cost of maintaining the institution in the meantime from his other funds. This arrangement may also be approved. If the income

NOTE--Contn. sheet

WD 583—GPB—300—27-8-29

from

Serial No.

income from the endowment fund after it is formed, is found insufficient for maintaining the institution on the scale now started, the necessary reduction will have to be made.

The grant-in-aid which the institution is entitled to under the Rules of the Education Department might be allowed to it.

Mr. Krishnamurthi Rao desires to have a tablet put on the institution to show, but this his benefaction. This is a very natural request and there can be no objection to comply with it.

Final Note by the First Member of Council.

Subject:—

Offer of an endowment by Mr. Karnick Krishnamurthi Rao for the establishment of an English High School in Bangalore for Brahmin boys with provision for instruction in Vedic studies and in some vocational pursuits.

Mr. Karnick Krishnamurthi Rao of Nagpur has proposed to make an endowment for the establishment at Bangalore of an English High School for boys of all the three sects of the Brahmin community, excepting Hale Karnatakas, with provision for instruction in Vedic studies and in some vocational pursuits. For the purpose of constituting the endowment, he offers to hand over to Government his house in the Basavangudi Extension and his three Inam villages in the Nagpur taluk. He estimates the value of these properties at Rs.40,000.

2. The general features of the arrangement proposed by Mr. Karnick Krishnamurthi Rao for working the endowment are the following: The High School will be an aided institution, managed by a Body of Trustees with Mr. Krishnamurthi Rao himself as President during his life time. His house is to be used for the School and the three villages are to be disposed of for the best value they can fetch, cancelling their inam tenure. A share of the sale proceeds is to be allowed as a maintenance allowance for himself and his wife during their life time.

3. The subject was considered in Council on 10th April 1930 when it was resolved that "Mr. Krishnamurthy may be advised to appoint trustees for the disposal of his properties and for utilizing the proceeds in the manner desired. Government will give every help possible to the trustees in carrying out the objects of the Trust."

The

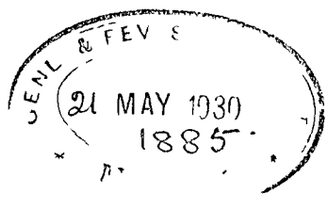
(To be written on this margin.)

OFFICE OF THE
FIRST MEMBER OF COUNCIL

NOTE

Dated 20th May 1930



Mr. Karnick Krishnamurthi Rao saw me today and stated that the procedure suggested in endorsement No. 2283/Muz. 203-29-3 dated 1st May 1930 for disposal of his lands, the sale proceeds of which should form the endowment of the institution proposed by him, would not help him much, (As it is not possible to get trustees who would undertake the trouble and responsibility of visiting the villages and of arranging for the disposal of the lands therein, He requested that a simpler arrangement for the speedy disposal of his lands might be adopted and suggested that he might be allowed to appoint the Deputy Commissioner, Bangalore District, as his Trustee for disposing of his lands, or that the services of an officer of Government might be lent to him for attending to this work, so that prompt action might be taken for the sale of the lands. I told him that the first alternative suggested by him might not be feasible and whether it is possible to permit the second alternative would be examined. I also made it clear to him that the lands were his property and they could be disposed of only as such and the association of a Government officer could not be permitted to create, directly or indirectly, any impression in the public mind that the lands auctioned were Government lands. He stated that the precautions necessary for

Serial No.

preventing any such misapprehension might be taken and all that he wanted was that an arrangement might be adopted which would work quickly so that the funds intended for the endowment might be realised soon and made available for the proposed institution. The alternative request of Mr. Krnick Krishnamurthi Rao might be examined in consultation with the Revenue and Law Departments.

Concluding each Sale-y land i the Krishna mint the owner, or the Revenue Officer who so fun as one could see will have no locus standi unless formally appointed agent or trustee ? In case he is, will not Govt be taking on themselves the legal responsibilities of agent or trustee ? And would this be desirable ? There are some of the points that claim consideration.

There is one way by which the Krishnamurti could confer power on Govt to dispose of the estates without possibility of interference from himself, and that is, by relinquishing them absolutely under secs 71 & 73 of the Land Rev Code, but even this under law would not create a trust It would make Govt absolute owners of the property & the proceeds of disposal would go to the State revenues; but Govt may in pursuance of the arrangement under which the relinquishment was made transfer the net realisations to trustees appointed by the Krishna mint Rao.

(11) There has been so far no investigation made into the title of Mr Krishnamurty Rao to the three villages in question. It cannot therefore be presumed that an absolute relinquishment, even if possible, will vest an indefeasable title in Government.

(12) According to Mr Krishnamurty Rao's representations to the Revenue Commissioner (vide R.C.'s letter of 6th Jan 1930), he owns only 13½ out of 15 vritties in the most valuable of the three villages, Kalkere. It is also admitted that there have been disputes regarding Kadim tenancy etc in this village. Relinquishment of inam so far as it concerns this village would be only a partial relinquishment which cannot be accepted under the principles laid down in para 264 of Rev.Manual Vol.I. In the case of the other two villages, if the title of Mr Krishnamurty Rao is not defective, he can resign the inam, the acceptance of which would enable the Govt. to cancel the inam tenure and treat the lands as if they were unalienated lands .(vide para 268 of Rev. Man.Vol.I). Government can then sell the lands and invest the proceeds thereof for the purposes of the trust.

(13) There appears to be another possible way of achieving the same object. Mr Krishnamurty Rao may by a proper deed of trust create a valid Public Trust and under sec 14(a) of Reg.VII of 1927 desire that the entire management of the

No. 4185

trust be taken over by Government permanently. Government can then take over the institution under their control ,which would thereafter become a Muzarai Institution under the Regulation.

Sec. 3 vests the Chief Controlling authority in such institutions in Govt, who can, therefore, appoint a proper Board of Trustees and frame a scheme for the sale of the villages and investment of the realisations thereof for the purposes of carrying out the charity. The Donor will have no powers of interfering with the management by Govt, except to the extent allowed by agreement, if any. This proceeaure will, perhaps, to a large extent, overcome many of the difficulties contemplated in para 38 supra.

DEVELOPMENT BRANCH

S M 405-29-1

To

R Ranga Rao, Esq B.A., B.L.,
Officiating Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, BANGALORE

Sir,

I have the honour to state that I have a strong desire to start at Bangalore a Vedic - High School for Brahmins only, suited to Modern conditions, with a view to perpetuating some of the traditional features of charities, long associated with the name of my family at Magadi. I had thought of opening a Vedic School at Magady itself but that idea has dropped as even the existing Vedic School there has not been flourishing - for various reasons. I believe it would be very useful to start a Vedic School at Bangalore if - provision can be made in it for enabling the students to acquire Vedic knowledge and also to go - through a course in English up-to the High School Standard with some vocational training.

2 I propose to give away one lakh of Rupees - for this. As a first instalment I shall give - away my house in the First Road, Basavangudy, - Bangalore, excepting the portions reserved for my own use. This house is worth about Rs.35,000/-; I shall also make a Cash endowment of Rs.30000/-.

T

I am arranging for the disposal of my three Inam Villages and when that is done I shall hand over the balance of Rs. 35,000/-, to make up one lakh. As I am already sixty years old I am eager to see that a beginning is made - early (on 3-2-1930).

I now most respectfully seek the generous support and sympathy of the Government of - Mysore in this matter. What I immediately pray for is

(a) Kind acceptance of my humble offer;

(b) Recognition of the Institution when started;

(c) Sanction of an adequate grant to supplement the income from the interest on the Cash endowment, fees &c.

I desire th t the school will be under the management of a Committee consisting of a President and ten members, one of whom will be a - nominee of the Government, and one a representative elected from among the orthodox members of my family, giving the institution the name of - "Magadi Karnick's Vedic & English High School for Orthodox Brahmins Only."

All the members should be Brahmins interested in the advancement of Vedic Knowledge and Culture. With a view to secure an adequate - representation of those who have been from a long time interested in the charities of my family, -

I desire that the majority of the members should be of Smartha Community.

The Committee of management shall frame from time to time courses of study and rules for admission, and shall attend to all other matters relating to the proper management of the institution. My position and relation to the Committee will be similar to those of the Founders of Private Vedic Institutions elsewhere. During my life-time, I shall be the managing President and shall have the power to appoint the members of the Committee, excepting the nominee of the Government, my selection being subject to the approval of the Government. After my death, the Government may, in the Kuzrai Department, appoint all the members.

I humbly beg of Government to be so kind as to intimate to me their decision as early as possible so that I may submit the details for their kind approval.

I have the honour to be,

Sir,

Your most obedient servant,

Bangalore,
26-10-1929.

To The Secretary to Govt
Revenue Dept

I have post ed an application on 26-10-29 to the Govt. I am prepared to make an endowment of a lakh of Rupees for the opening & maintenance of a Vedic (English) High School in the name of my family, in the my bungalow at Kasavanahalli I have also received an endt. from your office acknowledging the receipt of the above application & stating that it is receiving attention.

In connection with the consideration of the said application, I request that the following points may also be brought to the notice of Govt.,

(a) As I intend opening the Vedic School on 3-2-1930 & propose writing to Govt. to open the School, I may have an early orders might be passed on my application

(b) I own five Govt. villages & one Khayamgutta villages, in the vicinity of my own village, & details of the same are given in the accompanying enclosed note. The three villages are worth in the aggregate Rs 2,05,000/- It is only in Kakkeseme village about 8 or 10 people are cultivating my lands to about 100 acres of land. They cannot establish their right in a court

of law. It is only after the Government
that they are simply harassing me. For the
last four years I may have over-
looked Villages & Cities for the timeread or
in which villages are a burden ~~of this and~~
~~disposed of the first with for~~ these villages
yielded a revenue of Rs 2000/- a year besides
the excise revenue due from Govt, against a
total of Rs 450/- In addition the amount realised
by the sale of lands in the villages can may be
invested as interest. The villages may be-
come self-supporting because
being cancelled. I have also approached
the Govt in this matter & I understand
that they are disposing the villages
by about the 22nd of this month.

Out of the Rs 2,05,000/- (estimated value
of the properties) Rs 1,00,000/- may be allotted
for the School fund. Rs 25000/- for the Free Boarding
House attached to the School & Rs 25,000/- towards
for free Industrial Education. The balance of
Rs 50000 may either be left to me, for
maintenance or the interest thereon may
be given monthly for the maintenance purpose &
may safely during our life time. The Govt
If Govt should take up the work
of disposing of the properties it will not only
save many troubles but also give more confidence
to the buying public & may ~~secure~~ fetch
more greater value. Besides if this procedure
will also prevent any false claims from
him putting any claim on the balance of any
moneys that I may leave behind me.

If any further explanation or
these books are needed I shall be glad
to come & explain in person, on receiving an intimation
from Delivery the 15th Wizard of this
month. I shall also be quite pre-
pared to take any other suitable
suggestion which the Govt may be
pleased to offer.

If Govt should consider that my
valuation of the properties is high,
I shall accept ~~any fair~~ the realisation
by the sale of the properties after due
advertisement by any officer Govt.
subject to my approval —

Fearing that all this cannot
be adequately put in English language.
I have written this in Kannada. Trust
that the same may be fully read
& understood without attempting
to have a literal translation of the same

Development Departments, Bangalore.

SIR,

With reference to your letter No. D. 4465/Edn. 405-29-3 dated 5th November 1929 forwarding for my opinion a copy of letter from Mr. Karnic Krishna Moorthy offering an endowment of one lakh of rupees for the purpose of starting a Vedic High School at Bangalore, I have the honor to state that Mr. Krishna Moorthy's intention is to institute a High School on the usual lines with instruction in one or more vocational subjects, the special feature being arrangements for imparting Vedic knowledge. As the time-table will be full otherwise, Vedic instruction will have to be given outside the usual hours of work. A school of the kind run on the economical scale approved for Municipal High Schools will cost not less than Rs. 5,500/- a year. The income from the endowment excluding the building will be about Rs. 3,250/- against an anticipated expenditure of Rs. 5,500/-. The difference will be Rs. 2,250/- part of which will be covered by fees to be levied in the High School classes, the balance, if any, being sanctioned as Government grant.

This is so far as ordinary recognition and finance are concerned.

But there is one point which the institution should satisfy, before it can be recognised for purposes of grant. A denominational school can get a grant only under the proviso in ~~xxxxx~~ rule II (r) of the Grant-in-aid Code, and under this proviso, the present donor will have to throw open the school to all Hindu communities who are entitled to study the Vedas, and not restrict admission to a single community. I am of

opinion that unless Mr.Krishna Moorthy is prepared to make the admissions less rigid than is at present contemplated, it will not be possible to consider the question of a grant.

I have the honor to be,

Sir,

Your most obedient servant,

K S Rama Rao

Director.

SIR,

With reference to your letter No. D. 5363/Edn. 405-29-5 dated 23rd November 1929 forwarding for remarks a petition received from Mr.Karnick Krishnamoorthy Rao in the matter of the realisation of the proffered endowment for the opening of a Vedic High School in Bangalore, I have the honor to state that I have no remarks to make in respect of the rather complicated suggestions made by Mr. Krishnamoorthy Rao in respect of the property said to belong to him.

As regards his request for the disposal of his petition in time to enable him to approach His Highness the Maharaja to open the proposed High School, I request that Government may be pleased to pass orders on my letter No. L.Dis. 2328-132 of 29-30 dated 23rd November 1929 submitting my opinion in regard to the offer made by Mr.Karnick Krishnamoorthi Rao.

The enclosures received with your letter under reply are returned herewith.

To
The Secretary to the Government of India,
Department of Industries and Labour,
Simla.

Sir,

I am directed to refer to your letter No. F.2(2)-I(T)/29 dated the 26th October 1929 and to say that the Government of Bombay are in general agreement with the proposals contained therein.

2. The Government of Bombay have also considered the question of the appointment of a Committee to examine the whole question of the Cotton Textile Industry and they are of opinion that the time is not yet ripe for the appointment of such a Committee. They would prefer to wait for the present and to see what effect the Tariff Board's recommendations have on the industry. They would also point out that the Tariff Board's enquiry was limited to the question of protection and that the Government of India have not yet had an opportunity of considering the Tariff Board's recommendations. The Government of Bombay would therefore suggest that the appointment of a Committee to examine the whole question of the Cotton Textile Industry should be postponed for the present.

I have the honour to be,
Sir,

A very good Opportunity for Investment in Landed Property.

3. Inam Villages in Magadi Taluq, (Mysore State)

38. Miles to the west of Bangalore

Good Climate-Good Road-Rich soil-Average Rain fall Thirty five inches.

PLENTY OF LABOURS.

1. KALLIKERE. A village in the Bangalore-Magadi-Kunigal Road at 37th mile, ½ mile from the main road. The total area is about 982 acres including 126 acres of wet lands, with a large scope for improving and doubling the area of wet lands by repairing the tanks. There are 2 tanks and 3 Kattes with a very good supply of water. Jodi to be paid to Govt. is only Rs 297, including all cesses annualy There are about 5000 dates trees with a right Tree Tax also. Present income is about Rupees 7000, to 8000. There are about 120 houses of all castes except Brahmins. both in the main village and 4 hamlets.

   27 Shares out of 30 in the village and some plots of Inam lands are offered for sale.

2. MALLENAHALLI. A Village in Magadi taluk, Bangalore Dist. at 38th mile in Bangalore Magadi-Huliyur-durga Road. It was got vacated after a court decree, about four years ago but lands are cultivated temporarily by neighbouring villagers. Total area is 322-21 acres including Wet, Garden, Pasture, and Dry lands. Quitrent including all cesses payable to Govt. annualy about Rs. 140 One tank and two kattes have to be repaired. Annual income is about Rupees one thousand. Under ground water is only 2-3 feet from the ground level. Land is very rich and fit for any crop such as Fruit, Mulbary, Sugarcane, Pady, Jute, Tea, Ragy etc, etc Ample scope for improvement.

   This village is only 8 miles in country cart tract and 16 miles in the motor road, from No. 1 above named village Kallikere

3. SADAMARANA-HALLY. A village, 1½ mille from No 2 above named Mallana-halli and 9½ miles from No. 1. Kallikere and both of them are only 8 mille from Magadi and 38 miles to the west, from Bangalore. This village Sadamaranahalli, is also in 37th mile Bangalore, Magadi Huliyurdurga Road and is 2 miles from the main road. The total area is 612½ acers including dry, wet, forest, etc, etc. There are three tanks in ruinous condition and if improved large area may be converted into wet and garden. Some portion of the village is under forest growth and the village is surounded by hills.

   There are 7 houses who have no tenancyright Land revenue or Khayam gutta paid to Govt. is Rupees 33. and correspondence is going on to reduce the assessment or gutta to Rupees 19/-. The land is fit for Coffee, Tea, Jute, Ragy, Pady fruits etc., etc. Present income is about Rs. 650.

   The above named No 2 & 3, Mallanahalli and Sadamaranahalli together is about 955 acres. Within a radious of 2 miles and if No. 1 Kallikere is included it will be about 2000 acres in all within a distance of 9 to 10miles in short cut

May be Inspected by appointment, at the expences of the intending purchasers.

For further particulars apply to :—

1st member 6/1/30

SIR,

I have the honour to forward herewith the application of Mr. Karnik Krishnamurty Rao, offering as endowment his houses in Basavangudi, Bangalore City, the Inam villages of Jodi Mallenahalli and Khayamgutta ~~Sadamaranhalli~~ and 13½ Vrittles out of 15 Vrittis of the village of Kalkere of which he owns 13 Vrittles by his own right and has mortgage with possession, of the remaining half vritti, for starting an Anglo Vedic School in his building at Basavangudi and maintaining it out of the receipts from the fees and the income from the endowed properties subject to the following conditions. The school is to be for the benefit of only the Brahmin students of the three communities of Brahmins viz., Smarthas, Madhvas and Srivaishnavas.

(2) It should teach English of the High School standard.

(3) The usual fees should be levied as in Government Institutions and freeships allowed on the usual scale.

(4) 8 freeships should be given to students belonging to the donor's special sect of Badaganad Brahmins.

(5) A hostel should be started as an adjunct to the school and provision should be made for maintaining at least 25 students of whom 8 or 10 students should be of his sect and should be fed free.

(6) During the donor's and his wife's lifetime, an allowance of Rs.200/- or Rs.250/- per mensem be given to them out of the income.

(7) After their demise this income also should go to augment the resources of the school and hostel.

He estimates the value of the landed properties endowed

at Rs.2,40,000/- and the houses at Basavangudi valued at Rs.35,000/-. He states that so far as the villages of Mallenahelli and Sadamaranhalli are concerned the lands therein belong exclusively to him and nobody has any right of Kadim tenancy therein. He proposes that these lands may be disposed of for Kadim tenancy and he expects that they will fetch a good price. As regards Kalkere village, where he owns 13½ out of 15 Vrittles that the village is made of, he says that some of the ryots therein have been setting up claims for Kadim rights of late, though he is not aware of any evidence ~~of~~ to prove their rights and that he is agreeable to their being treated as such if those that allege such rights establish the same in a Civil Court. He wants the issue of orders to this effect so far as these cases are concerned. So far as the other cases are concerned he desires the Kadim tenancy to be sold and the proceeds added to the funds of the Charities. He further requests that ~~as~~ the three villages have been surveyed in detail and ~~there~~ the/only remains the introduction of settlement, this may be done early. By the introduction of settlement he expects that an annual net income of Rs.2,359/- will be realised from assessment. The right ~~to~~ to Abkari revenue has been conceded to the Inamdars with respect to Kalkere village and from this source he expects to realise an average annual income of about Rs.4,500/-. He further wants the remaining portion of Kalkere village which is in others' hands to be acquired under the Land Acquisition Regulation and for this he has stated that Rs.2,000/- out of his Savings Bank Deposit in Magadi Savings Bank may be withdrawn and utilised.

The above is a summary of the representations made by him in his two communications on the subject. I have seen the villages. Two of them are practically Bechirak villages. Only Kalkere is populated. All the same as the surrounding villages are well populated, there is somewhat keen demand for the lands in these villages and if the Kadim tenancy rights are disposed of by auction sale, they are likely to realise a good sum. But what ~~xxx~~ that will be, can be ascertained only after the lands are sold. The other points mentioned in the petitions relating to the income th

that may be expected require verification. It is not however possible to acquire the Vritties in Kalkere village in the holdings of other Vrittidars by recourse to the Land Acquisition Regulation as it is beyond the scope of the Regulation though the Vritties can be purchased from their holders, if they are willing to sell them. Efforts can be made in the direction of persuading them to sell the Vritties for the charities. The amount of allowance that can be paid to the petitioner and his family out of the estate during his life-time can be fixed only after the income to be realised is ascertained. This investigation can be conducted only after Government accords its acceptance of the endowments. As the object for which the endowment is offered, is very laudable, being the promotion of Vedic learning, which is practically on the decline, I beg to recommend that the endowment may be accepted and permission granted to take steps for the realisation of proper values for the lands and other properties as indicated by the donor with a view to fix the income that will eventually accrue from the endowments and the scale of expenditure that can be incurred in furtherence of the objects for which the endowment is intended. The donor should be given to understand that Government cannot undertake any liability in regard to this endowment on the scale on which the institution is to be maintained and the amount to be spent on it and that to be given for maintenance until the villages are sold and the amount realizable determined. These preliminaries will be done in consultation with the donor and may take some time. Permission may also be accorded for entertaining any establishment that may be necessary for the purpose. Details relating to the establishment required will be submitted after Government accords sanction to the acceptance of the endowment.

is this not essential to the acceptance of the endowment?

I have the honour to be,
Sir,
Your most obedient servant,

Assistant Commissioner
for Mugral Commissioner.

Secretary to the Government of His Exalted Highness
the Maharaja of Mysore, Development Department.

Sir,

With reference to our letter No.D0070/Agn.40-29-10 dated the 7th January 1930 forwarding for opinion copies of applications received from Vidwan Krishna Murthi Rao and a note of his interview with you in respect of the opening of an English and Technical School at Bangalore on a grant-in-aid basis and requesting my views on the proposals relating to the disposal of the villages etc., I have the honor to enclose herein a copy of my letter No.P.C.175/29-30 dated the 6th January 1930 to the Financial Secretary, which contains my views on the proposals referred to in the letter under reply.

I have the honor to be,

Sir,

Your most obedient servant,

Agricultural Commissioner.

Letter No.F.C.175/29-30 dated.6-1-1930 from the Muzrai Commissioner, Mysore, to the Financial Secretary to Government.

I have the honour to forward herewith the application of Mr. ~~Kanki~~ Kannik Krishnamurty Rao, offering as endowment his houses in Basavanagudi Bangalore City, the Inam villages of Jodi Mallenahallit and Khayamgatha Sodamoranhally and 13½ Vrithis out of 15 Vrithis of the village of Kulkare of which he owns 13 Vrithis by his own right and has mortage with possession, of the remaining half vritti, for starting an Anglo Vedic School in his building at Basavanagudi and maintaining it out of the receipts from the fees and the income from the endowed properties subject to the following conditions. The school is be for the benefit of only the Brahmin students of the three communities of Brahmins Viz., Smarthas, Madhuvas, and Sri Vishnuvas.

2. It should teach English of the High School Standard.

3. The usual fees should be levied as in Government Institutions and free-ships allowed on the usual scale.

4. 8 free-ships should be given to students belonging to the doner's special sect of Badaganad Brahimins.

5. A hoistel should be started as an adjunct to the school and provision should be made for maintaining at least 25 students of whom 8 or 10 students should be of his sect and should be fed free.

6. During the Donor's and his wifes' life-time, an allowance of Rs.200 or Rs.250/- per mensem be given to them out of the income.

7. After their demise this income also should go to augment the resources of the school and ~~work~~ hostel.

He estimates the value of the landed properties endowed at Rs.2,40000/- and the houses at Basavanagudi valued at Rs.35,000. He states that so far as the villages of Mallena-

at Mallenahalli and Sadamaranhalli are concerned the lands therein belong exclusively to him and no body has any right of Kadim tenancy therein. He proposes that these lands may be disposed of for Kadim tenancy and he expects that they will fetch price. As regards Kalkere village where he owns 13½ out of 15 Vrithis that the village is made of, he says that some of the Ayats therein have been setting up claims for Kadim rights of late though he is not aware of any evidence to prove their rights and that he is agreeable to their being treated as such if those that allege such rights establish the same in a Civil Court. He wants the issue of orders to this effect so far as these cases are concerned. So far as the other cases are concerned he desires the Kadim tenancy to be sold and the proceeds added to the funds of the charities. He further requests that as the three villages have been surveyed in detail and there only remains the introduction of settlement, this may be done early. By the introduction of settlement he expects that an annual net income of Rs.2359/- will be realised from assessment. The rights to Alienkari revenue has been conceded to the Inamdars with respect to Kalkere village and from this source he expects to realise an average annual income of about Rs.4500/- He further wants the remaining portion of Kalkere village which is in others hands to be acquired under the L.A. Regulation and for this he has stated that Rs.2000/- out of his Savings Bank deposit in Magadi Savings Bank may be withdrawn and utilised.

The above is a summary of the representations made by him in his two communications on the subject. I have seen the villages. Two of them are practically Peecharaka villages. Only Kalkere is populated. All the same as the surrounding villages are well populated, there is somewhat keen demand for the lands in these villages and if the Kadim tenancy rights are disposed of by auction sale they are likely to realise a good sum. But what that will be can be ascertained only after the lands are sold. The other points

mentioned in the petitions relating to the income that may be expected require verification. It is not however possible to acquire the Vrithis in Kalkere Village in the holdings of other Vrittidars by recourse to the L.A. Regulation as it is beyond the scope of the regulations. Though the Vrithis can be purchased from their holder if they are willing to sell them. Efforts can be made in the direction of pursuading them to sell the Vrithis for the charities.

The amount of allowance that can be paid to the petitioner and his family out of the estate during his life time also can be fixed only after the income to be realised is ascertained. This investigation can be conducted only after Government accords, its acceptance of the endowments. As the object for which the endowment is offered is very laudable, being the promotion of Vedic learnings, which is practically on the decline, I beg to recommend that the endowment may be accepted and permission granted to take steps for the realisation of proper values for the lands and other properties as indicated by the donor with a view to fix the income that will eventually accrue from the endowments and the scale of expenditure that can be incurred in furtherance of the objects for which the endowment is intended. The donor should be given to understand that Government cannot undertake any liability in regard to this endowment. In this scale in which the institution is to be maintained and the amount to be spent on it should be given for maintenance until the villages are sold and the amount realizable determined. These preliminaries will be done in consultation with the donor and may take some time. Permission may also be accorded for entertaining any establishment that may be necessary for the purpose. Details relating to the establishment required will be submitted after Government accords sanction to the acceptance of the endowment.
